

## # ■ DREAMHELPER (DREAMO) — Litpaper v1.0

### ## 1. Introduction

DreamHelper (DREAMO) is a fun, community-driven memetoken built to spark imagination, positivity, and collective action. At its core, DREAMO represents the spirit of helping people dream again — through creativity, storytelling, and community-powered initiatives.

DreamHelper combines:

- Light-hearted memetics
- Real utilities powered by community tools
- Social good initiatives
- A digital mascot called \*\*Dreamo\*\*, the little helper of dreams

This Litpaper presents the mission, token model, roadmap and purpose of the DREAMO ecosystem.

### ## 2. The Vision

> “Help people dream again, and build a global movement of creativity and kindness.”

DreamHelper aims to:

- Create a positive global digital movement
- Support community-driven micro-projects
- Launch DreamFund initiatives for students, creators, and small community causes
- Build simple Web3 tools that help people set, track, and achieve their dreams
- Activate fun global challenges using the Dreamo mascot

### ## 3. The Dreamo Mascot

Dreamo is the official mascot — a joyful, colourful dream-helper creature.

Dreamo:

- Represents hope, goals, and imagination
- Drives all storytelling
- Appears in visuals, stickers, challenges and giveaways
- Will become central in future animations, NFT drops and gamified community events

### ## 4. Token Utility
